### **TREE PRICES;**

**Most of our trees (8' or less) are \$85.00 cut and baled for convenience. That said, Nordman fir and Alpine fir because they take 15 - 20 years to get to size (instead of 8 - 10 yrs for the other ones), sell for \$120.00. We also have 'pre-cut' trees we sell from \$10.00 to \$60.00 depending upon size and species. And if you are in a really tight spot we'll just give you a tree in gratitude for how we ourselves have been so blest!!**

**Trust this helps and hope you decide to come our way. If you have children please bring them as they will enjoy the outing immensely! Their young hearts will long retain positive memories of finding a tree accompanied by loved ones who care. What a wonderful experience for every child to have.**
