

If you have a tree in your yard that you no longer want, please contact us before you destroy it! Depending upon the tree, we sometimes will bear the cost ourselves of digging and removing it, then donate it to a charitable entity.

If you wish to purchase a tree from us and then 'Donate' it anonymously or otherwise, to a friend, family member, neighbor, charity, or an institution--we will be pleased to work with you to make it happen as per your wishes.
